

CEOs & Administrators

I'M AN EXECUTIVE ADMINISTRATOR AT A MAJOR HOSPITAL. WITH ALL THE LATEST PERFORMANCE-BASED FUNDING AND REIMBURSEMENT MODELS, I'M EXPECTED TO MAKE SURE OUR HOSPITAL MEETS OR EXCEEDS INDUSTRY BENCHMARKS AND PARTICIPATES IN NATIONAL REGISTRIES AND DATABASE SYSTEMS.

ALSO, I MUST ENSURE NEW HEALTHCARE TECHNOLOGY INTEGRATES WITH EXISTING SYSTEMS AND THAT WE OFFER REPORTING AND ANALYTICS RESOURCES TO ATTRACT TOP MEDICAL TALENT.

I DON'T HAVE A TECHNICAL BACKGROUND; I NEED A TRUSTED, DEPENDABLE MEDICAL DATA MANAGEMENT PARTNER TO HELP ME STAY AHEAD OF THE CURVE

BETTER decisions finer **QUALITY** care

Axis offers scalable, integration-friendly architecture with modular pricing for a cost-efficient solution to data management.

PATScLOUD is a fully managed, supremely secure, software as a service (SaaS) solution. It's your private cloud, but we manage the setup, software and registry maintenance, backup, recovery—PATScLOUD virtually eliminates your IT support duties.

Our on-premises solution also carries a light footprint. We deliver all your necessary server hardware, software, and other required technology (including your InterSystems Caché database) in a fully-packaged, configured virtual appliance.
